HISTORIC BUILDING & MONUMENT CONSERVATION

MODERN SLAVERY & HUMAN TRAFFICKING STATEMENT

SSH Conservation Ltd | 2026

SSH Conservation Ltd is committed to preventing slavery, servitude, forced labour and human trafficking in its business and supply chain. Although the company is below the £36m turnover threshold at which the Modern Slavery Act 2015 requires a published statement, we make this statement voluntarily to set out the steps we take.

We are a specialist building conservation contractor operating with a small direct workforce and a trusted pool of labour-only and specialist subcontractors, most of whom we have worked with for many years. This close, long-standing structure gives us direct visibility of everyone who works for us. In support of this commitment we:

- verify the identity and right to work of every person engaged, whether employed or labour-only, in line with our Illegal Workers statement and the Immigration, Asylum and Nationality Act 2006;
- engage workers and subcontractors directly, pay fairly and promptly against agreed terms, and never withhold wages, documents or deposits;
- vet bona fide subcontractors and key suppliers for competence, insurance and employment practices before appointment;
- source materials, so far as practicable, from established UK and European suppliers with transparent supply chains;
- remain alert on site to indicators of exploitation (withheld documents, third parties controlling wages, fearful or isolated workers) and will report concerns to the Gangmasters and Labour Abuse Authority or the Modern Slavery Helpline (08000 121 700);
- encourage anyone to raise concerns without fear of reprisal, in line with our Whistleblowing Policy.

Any evidence of modern slavery in our supply chain will result in immediate termination of the relationship and referral to the relevant authorities. This statement is reviewed annually alongside our other policies.

Signed:

Jake Motley
